The Fellow Award is one of the two highest honors the Cactus and Succulent Society of America (CSSA) can confer. This award is based on either (1) exceptional achievement in scholarship about succulent plants or (2) substantial achievement in scholarship about the succulent plants in combination with substantial service to the cactus and succulent plant hobby and/or to CSSA. The Fellow Award is open to members and nonmember of the Society. Honorees are announced at CSSA biennial conventions or other appropriate times. Each Fellow will receive all the rights and privileges of active membership without payment of fees for life, and an engrave plaque that states the reason the Society has granted the recognition. Additionally, an article describing their accomplishments will appear in a periodical of the Society.

As of 19 July 2019, 143 Fellow Awards have been conferred by CSSA.
